<sup>1</sup> Generally, your marital status is determined as of January 1 of each year. If your spouse is the beneficiary of your IRA on January 1, he or she remains a beneficiary only for purposes of calculating the required minimum distribution for that IRA even if you get divorced or your spouse dies during the year.

<sup>2</sup> You must increase your IRA balance by any outstanding rollover and recharacterized Roth IRA conversions that were not in any traditional IRA on December 31 of the previous year
